

LIGHTEN UP LIFE

WAX + WINE *candle making events + venue buyout*

WAX + WINE

Old City Philadelphia's premium candle making experience!

Wax + Wine began as a dream for father-son team, Alan + Jordan Beletz, who wanted to create a unique opportunity for people to connect with one another through creativity + conversation. Now, Dave and Kenny of Cork & Candles are honored to carry on that legacy in the same space with the same heart. Our team has created a stunning studio space in Old City, Philadelphia where guests can gather with friends + create a beautiful product of their own while learning the artisan craft of candle making.

At Wax + Wine, we want to create experiences that Lighten Up Life! Whether it be through loose instruction reservations or while hosting a private event, we strive to help guests escape from the routine of the week and unlock their creativity! Take advantage of our unique candle making experience, or simply reserve the space + do your own thing!
